BRAND GUIDE

# BRAND OVERVIEW

---

## THE VISION

To become the leading tech education and innovation hub in West Africa by providing industry-aligned, certified training, services and products in AI, Cybersecurity, and Software Engineering — and by growing an inclusive co-working community that connects talent to employers.

## MISSION STATEMENT

Deliver high-quality, bespoke training and certification programs as well as technology services backed by hands-on projects, plus a physical hub that supports continuous learning, networking, and startup incubation.

## BRAND PERSONALITY

---

### WORLD-CLASS

Nextar embodies a world-class standard in everything it does — from training delivery to innovation practices.

### INNOVATIVE

Constantly pushing boundaries in emerging technologies.

### COLLABORATIVE

Nextar is built on the power of community between learners, educators, startups, and employers.

### KNOWLEDGE-DRIVEN

Everything at Nextar revolves around knowledge — discovering it, sharing it, and applying it.

### EXCELLENCE

Excellence defines Nextar's culture and performance standards. It is not just an aspiration but a daily commitment.

### DRIVEN

Nextar is relentlessly driven by purpose and performance. The brand embodies determination, resilience, and progress.

## THE LOGO

---

The Nextar Quantum Systems logo uses the Neuropol X typeface, chosen for its futuristic and technical character that reflects the brand's focus on innovation and digital advancement.

The distinctive "X" symbolizes Nextar's dynamism, progress, and forward motion—a visual cue for exploration and discovery.

Embedded atop the "X" is a quantum-inspired icon, representing the brand's connection to emerging technologies, intelligence, and advanced computing. Together, these elements create a bold, modern identity that communicates precision, innovation, and excellence.

## LOGO USAGE

---

### BLUE VARIANT

**Symbolism:** Intelligence, trust stability, and professionalism

For official documents, corporate communications, LinkedIn, website headers, business cards, and presentations.

### PURPLE VARIANT

**Symbolism:** creativity, innovation, imagination, and visionary thinking

For marketing materials, social media, events, digital campaigns, or innovation projects.

## VARIATIONS

---

The Nextar Quantum Systems logo has three variations: a full-color version for light backgrounds, a white version for dark backgrounds, and a monochrome version for documents or watermarks.

## LOGO USAGE

---

The “X” symbol can be used as an alternative logo in specific applications where a simplified or compact design is preferred, such as icons, merchandise, or digital media. It retains the brand’s core identity while emphasizing innovation and energy. The color variations follow the same brand colors—purple representing creativity and transformation, and blue symbolizing trust, intelligence, and technological excellence.
